# C.P.C.A. provides certification for Chaplains ....

The C.P.C.A. is here to help you reach your professional goals in the area of Practical Chaplaincy.

Our primary goal is to interface with both ministerial and secular worlds for the purpose of promoting tolerance and understanding, and to provide professional, trained, and dedicated Chaplains in the work force. We accomplish this by providing training, recognition and certification for working Chaplains in various fields of Chaplaincy.

There are several areas of Chaplaincy. Many people are involved in ministries that are actually Chaplaincy and don't realize it. They lack 3 things in order to be a Chaplain:
