## JMh – Anaheim / Love Anaheim BASIC INFORMATION

### 1. Love Anaheim Service Project Movement Description:

**Love Anaheim is a multi - sector Service Project Movement with the mission of “Spreading Goodness, Meeting Needs and Demonstrating Kindness.” Our main Goal is loving and serving Anaheim. Most years, we feature 4 - 6 main Service Project Events (1 each quarter or so) that will match willing **leaders, volunteers,** and **funding** to accomplish a wide range of **need based projects.** The Love Anaheim Movement will add goodness, compassion and kindness across the City of Anaheim by the collaboration of various Faith Based Groups, non-profits, school districts, businesses, service organizations, sports groups, neighborhoods, city departments, residents, and guests all working together for the common good of Anaheim. There are **Service Project Events being planned for 2021 and 2022 – please watch [www.loveanaheim.org](http://www.loveanaheim.org)** for specific details as well as **ongoing opportunities to participate.****

The name **JMh** stands for Justice, Mercy, humility.

**JMh - Anaheim** is a unique Non-Profit Organization whose **mission is to provide community-based services** to include: general family resources, community engagement and resiliency platforms, educational opportunities, educational enrichment, values education, as well as anti-graffiti and other community enhancement systems.

In addition, **JMh - Anaheim** will work towards Identifying, Engaging, Equipping, Resourcing, and supporting community leaders in the greater Anaheim community so they may take ownership as residents and therefore improve their neighborhoods, inspiring a better quality of life throughout the city.

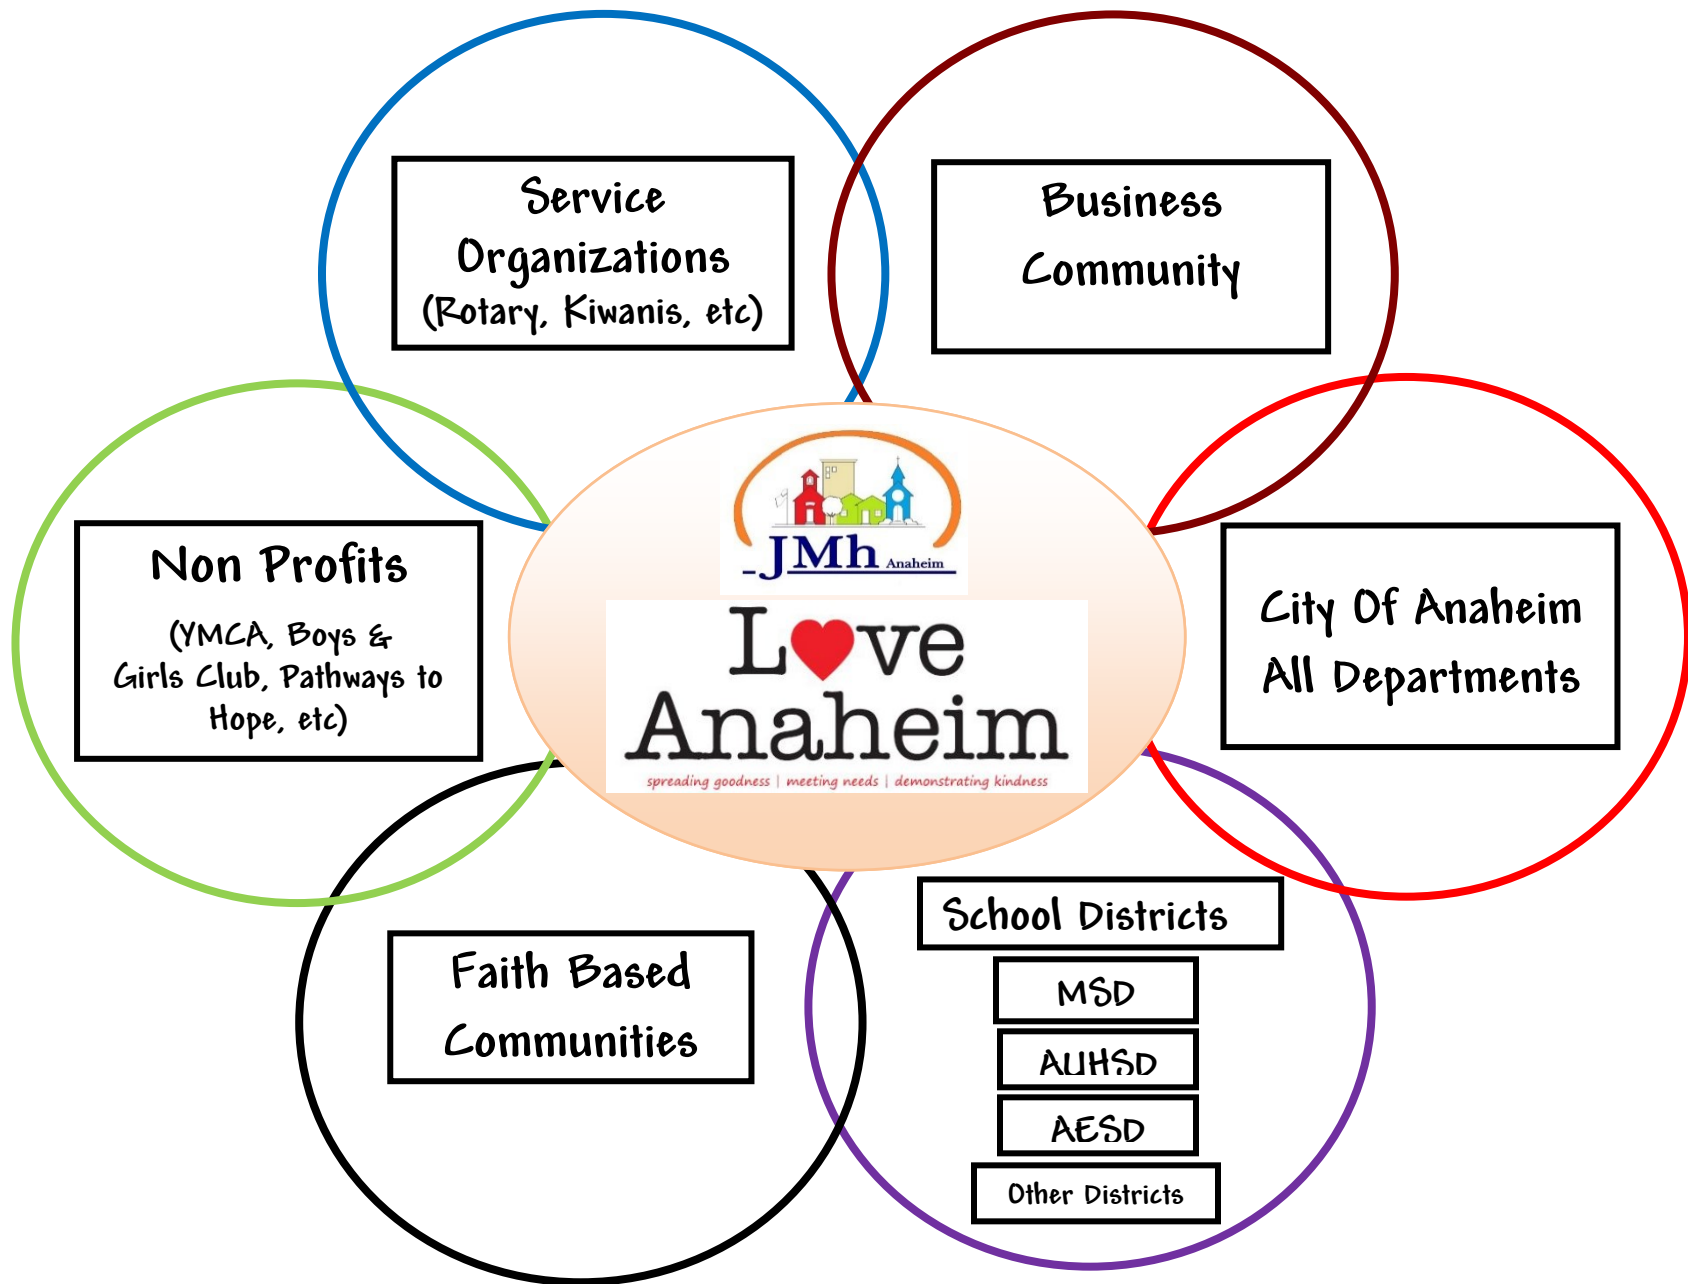

The main strategy of **JMh – Anaheim** is to provide a “**bridge of connectedness**” between civic institutions, public institutions, businesses, service organizations, non-profits and faith-based organizations so that, together, the greatest good can be accomplished in the local community. We believe the sky is the limit for goodness, if a synergy of trust, responsibility and cooperation are engaged in order to serve the best interests of the target area.
